# Rustic Pumpkin Plate

## Bisque

C54310 - PUMPKIN PLATE

## Glazes

True Matte:

- TM301 - Marshmallow Crème
- TM321 - Dusty Sage

Colors:

- CMM30 - Red Rocks

## Brushes

- SB807 - Fan Brush
- BR529 - Round Brush

## Other Supplies

- sponge

## Instructions: *Rustic Pumpkin Plate*

1. Paint 1 thick coat of Red Rocks all over the front of the plate until no white is showing.
2. When the color has lost its shine, take a slightly damp sponge and gently wipe the Red Rocks off the plate. You want to wipe lightly, removing the color from just the raised parts of the texture. This will leave the color in just the cracks, giving it an antiqued look. For best results, continually rinse your sponge in your water bowl while you wipe, as needed, and squeeze out the water well so it doesn't drip onto your pottery.
3. Paint 3 coats of Marshmallow Crème on the back of the plate.
4. Paint 3 coats of Marshmallow Crème on the pumpkin part of the design on the front and edges of the plate.
5. Paint 3 coats of Dusty Sage on the leaf and stem part of the design on the front and edges of the plate.
6. Stilt and fire to Cone 06. **Do not clear glaze.**
