INSTRUCTIONS

1. First, thin down each of the blues by adding 30% water to 70% paint. This will help the paint flow into the lines a little smoother.
2. Use a pencil or a water based marker to gently sketch out flower and leave shapes. If using pencil, lightly rub off excess lead from the piece before painting.
3. Using a small brush, fill in the petals and the leaves using either Sky Blue or Deep Sea. Repeat for a second coat.
4. Use the liner brush to make lines and stems. We alternated between Saffire and Blue Lagoon. We did only one coat on these.

TIPS

- 1 coat of paint on the lines is sufficient.
- We aren't aiming for perfection, we are looking for that brush mark quality.
